Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 10 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A mostly dry night, turning misty and murky by morning.

This Evening and Tonight:
Any afternoon showers will fade leaving a dry night with clear spells. Cloud will push in from the west later with some rain in early hours. Mist and fog patches likely to form over high ground. Minimum temperature 8 deg C (46 deg F).

Wednesday:
Cool start with mist and fog slowly clearing. Overall, a largely dry but cloudy day with sunny spells. Turning wet as a band of rain moves east from the evening. Maximum temperature 22 deg C (72 deg F).

Outlook for Thursday to Saturday:
A murky start on Thursday, turning drier and brighter in the afternoon. Largely dry with sunny spells and scattered showers from Friday with cloud thickening on Saturday. Temperatures near average.
